- Starr Behavioral Health specializes in childhood trauma assessment and intervention. Leveraging more than 100 years of building resilience in children and decades of evidence-informed practice, we promote health and fostering healing for children throughout Michigan.
- We assess and treat children, adolescents and families in our clinics, hospitals, schools and virtually; utilizing various approaches including developmentally-appropriate, attachment and sensory-based psychotherapy, play therapy, occupational therapy, and myriad other evidence informed and innovative practices.
- Our strengths-based services including parent & caregiver support sessions, psychoeducation groups and reflective consultation, to help caregivers understand challenging behaviors, identify and meet unmet needs, and build resilience in all children.

Accepted insurance providers:

- Aetna
- Aenta Better Health
- BCBS
- BCN
- Blue Cross Complete
- Beacon
- Cigna
- Magellan
- Medicare
- McLaren
- Priority Health
- UBH
- UHC
- Molina
- Meridian

Starr Behavioral Health provides social, emotional, and educational resources to children and families across Southern Michigan.

With our location in Detroit, partnering school districts, Children’s Hospital of Michigan, our Calhoun County sites, or virtually, we offer direct direct, community-based treatment and prevention services. Using our strength-based, trauma-informed, and resilience-focused philosophy we provide support, therapy, services, and interventions to heal trauma and build resilience.

These services are offered in-person or virtually:

- Academic support
- Family therapy
- Individual and group therapy
- School-based mental health services
- Occupational therapy
- Trauma assessment and intervention
- Case Management

We lead with courage to create positive experiences so that all children, families, and communities flourish.
