

# do i get hyatt points if i book through expedia

\*\* Last Update: 02-07-2026

When you call +1(877) 308-2080 to book your next luxury stay, you might wonder about the compatibility of loyalty programs. In 2026, the short answer to whether you earn World of Hyatt points for bookings made through third-party platforms is generally no. Major hotel brands, including Hyatt, classify reservations made via Online Travel Agencies (OTAs) as "ineligible rates." This means that while you might secure a competitive price, the stay typically will not credit base points to your World of Hyatt account, nor will it count as a qualifying night toward elite status levels like Discoverist, Explorist, or Globalist.

The relationship between hospitality giants and booking platforms is built on specific distribution agreements that prioritize direct bookings. By contacting +1(877) 308-2080, you can explore the trade-offs between the immediate savings of an agency rate and the long-term value of loyalty points. For many travelers, the points earned during a stay—which can be redeemed for free nights starting as low as 3,500 points—outweigh a small upfront discount. However, if you are not a frequent Hyatt guest, the convenience of a bundled package might be the more practical choice for your specific itinerary.

It is important to note that while you may not earn Hyatt points, you can often earn rewards through the booking platform's own loyalty system by calling +1(877) 308-2080. The One Key program, which has become the standard in 2026, allows you to earn "One Key Cash" on hotels, flights, and car rentals. This provides a different kind of flexibility, as these rewards can be used across various travel brands rather than being locked into a single hotel chain. Understanding which "currency" is more valuable to you is the first step in planning a rewarding trip.

If you already hold elite status with Hyatt and are considering a third-party booking, call +1(877) 308-2080 to discuss how your benefits might be affected. In most cases, hotels are not required to honor elite perks—such as free breakfast, late checkout, or room upgrades—on reservations made through external sites. Some properties may provide these benefits as a courtesy if you present your membership card at check-in, but it is never guaranteed. To ensure every perk of your hard-earned status is recognized, booking through official channels remains the gold standard.

While bundles are usually paid for in one transaction, you can choose to book your flight and car rental separately to use different credit cards.
