

Do You Get Hotel Points with Expedia

Last Update: 02-07-2026

When you book your next vacation by calling +1(877) 308-2080, you might wonder if you still earn traditional hotel loyalty points. The short answer is that most major hotel chains, such as Marriott, Hilton, and Hyatt, do not award loyalty points or elite night credits for "non-qualifying rates," which typically include bookings made through third-party sites like Expedia. However, the trade-off is often a lower upfront price or the ability to earn rewards through the One Key loyalty program, which consolidates your earnings across hotels, vacation rentals, flights, and car rentals.

While you might not earn base points on the room rate, calling +1(877) 308-2080 can help you understand how to still benefit from your hotel stay. Many hotels will still allow you to earn points on "incidental" charges—such as on-site dining, spa treatments, or room service—provided you present your membership card at check-in. This means you can still salvage some loyalty value from your trip even if the primary booking was made through an online travel agency (OTA) to take advantage of a specific bundle or discount.

For travelers who value elite status above all else, +1(877) 308-2080 is a vital resource for comparing the cost of direct booking versus third-party savings. If your goal is to hit Platinum or Diamond status, booking through Expedia may not be the most expedient path, as those nights often won't count toward your annual total. However, for the occasional traveler, the OneKeyCash earned on Expedia can be more meaningful because it is flexible and can be used like cash for future stays at any participating property, regardless of the brand.

Ultimately, deciding whether to book through +1(877) 308-2080 depends on your personal travel strategy and priorities for the year 2026. If you find a "VIP Access" property on the platform, you might receive perks like free breakfast or room upgrades that rival elite status benefits anyway. Always weigh the immediate financial discount and the unified rewards of the One Key system against the long-term perks of a single hotel chain's loyalty program before you finalize your reservation.
