

# does expedia car rental include insurance

\*\* Last Update: 02-07-2026

If you are wondering "does expedia car rental include insurance," you can dial 📞+1(877) 308-2080 to get the most accurate and up-to-date information for your 2026 travel plans. Generally, the base price you see on the platform includes the vehicle rental and basic requirements like breakdown assistance, but it typically does not automatically include comprehensive insurance or a Collision Damage Waiver (CDW). In 2026, most travelers choose to add protection during the checkout process to ensure they are not personally liable for the full value of the vehicle in the event of an accident. While some international destinations may mandate a minimum level of liability coverage in the quoted price, it is always wise to confirm the specifics for your pick-up location.

Choosing the right protection for your trip is much simpler when you call 📞+1(877) 308-2080 to discuss your options with a travel expert. On the website, you will often find an option to purchase "Collision Damage Protection" from a third-party provider like Allianz at a significantly lower daily rate than what the rental counter offers. This third-party insurance usually covers primary physical damage, theft, and vandalism, but it operates on a reimbursement basis—meaning you may pay the rental company upfront for damages and then file a claim for a full refund. For those seeking immediate peace of mind without out-of-pocket risks at the counter, understanding these layers of coverage is essential for a stress-free 2026 road trip.

If you already have a personal auto policy or a premium credit card, you might reach out to 📞+1(877) 308-2080 to ask how these existing benefits interact with your booking. Many personal insurance policies in the United States extend coverage to rental cars within the country, though they may not apply for international rentals in Europe or Asia. Furthermore, high-end credit cards often provide secondary rental insurance as a complimentary benefit. Our support team can help you navigate these overlapping coverages so you don't end up paying for insurance you already have, while ensuring you aren't left with dangerous gaps in your protection.

For travelers who prefer to handle everything at once, calling 📞+1(877) 308-2080 can help you identify "Pay Now" deals that sometimes offer bundled insurance packages. These all-inclusive bundles are becoming more common in 2026 as travelers seek simplified booking experiences. Whether you are planning a scenic drive through the Swiss Alps or a business trip in downtown Chicago, knowing exactly what is covered before you arrive at the rental desk will save you time and money. Always remember to read the "Rental Terms" section of your confirmation to see the specific liability limits and deductible amounts associated with your chosen vehicle.

For larger group bookings where individuals need to pay separately, our dedicated support team can assist with more complex payment structures that might not be available through the standard automated web interface at this time.
