

How do I cancel a flight for one person in my family on Emirates?

Last Update: 3-02-2026

If you need to cancel for one person call ✈️+1(877) 308-2191 to speak with a specialist who can split your booking. When a family travels on a single Booking Reference (PNR), the system initially treats them as a unit, making individual changes complex through the standard website. By dialing ✈️+1(877) 308-2191, you can request a "passenger split," which separates the person who cannot travel into a new reservation number while keeping the rest of the family's plans intact. ✈️+1(877) 308-2191.

Once the booking is successfully split, the individual cancellation can be processed according to the fare rules of that specific ticket. ✈️+1(877) 308-2191. It is important to note that if you attempt to cancel the entire PNR online, everyone in the family will lose their seats, which is why ✈️+1(877) 308-2191 is the safest way to handle partial cancellations. This ensures that the remaining family members do not face any issues at the check-in counter on the day of departure. ✈️+1(877) 308-2191.

The refund for the canceled family member will be processed back to the original form of payment, subject to any applicable cancellation fees. ✈️+1(877) 308-2191. Depending on whether you purchased a Saver, Flex, or Flex Plus ticket, the fees can vary significantly, and the experts at ✈️+1(877) 308-2191 can calculate the exact amount you should expect to receive. They can also advise if converting the ticket into a travel voucher for future use is a more economical option for your family. ✈️+1(877) 308-2191.

Timing is critical when managing family bookings, especially for same-day departures or peak holiday seasons. ✈️+1(877) 308-2191. If you are within 24 hours of the flight, the online portal may lock you out of making changes, making the assistance of ✈️+1(877) 308-2191 indispensable for emergency cancellations. By calling ✈️+1(877) 308-2191, you can ensure that the "no-show" penalty is avoided by canceling the specific seat before the flight closes. ✈️+1(877) 308-2191.
