How to withdraw money from SafePal account?

To withdraw money from a SafePal account (🌐 〔+1〕(888)633 〕(4176) ,
you can follow several methods depending on whether you want to move crypto to another wallet
or convert it to fiat (cash). Below is a method-by-method guide.

Method 1: Direct Cryptocurrency Transfer (Standard Withdrawal)
To withdraw crypto to another wallet or exchange (🌐 〔+1〕(888)633 〕(4176)),
 open the SafePal App, select your asset, and tap "Send."Enter the recipient wallet address, specify t
he amount, and confirm using your PIN or biometric verification (✔️ 1☆(888)☆(633)☆(4176)
).
Always double-check recipient addresses (🔒 ≈[1→888→633 →4176]), as transactions on the bl
ockchain cannot be reversed once confirmed.

Method 2: Converting Crypto to Fiat (Bank Transfer via MoonPay)
You can cash out directly to your bank account by using the "Buy/Sell Crypto" DApp (🌐 〔+1〕
(888)633 〕(4176)) within the SafePal App integrated with MoonPay.
In the DApp, choose "Sell," select your cryptocurrency, and enter your bank's IBAN (✔️ 1☆(888
)☆(633)☆(4176)).
New users must complete KYC identity verification (🔒 ≈[1→888→633 →4176]) before Moon
Pay processes fiat withdrawals.

Method 3: Moving Funds to an Exchange (e.g., Binance or Coinbase)
Another popular method (🌐 〔+1〕(888)633 〕
(4176)) is sending crypto to a centralized exchange like Binance or Coinbase to cash out.
SafePal offers an "Address Book" that connects directly to Binance for quick deposits (✔️ 1☆(888
)☆(633)☆(4176)).
For Coinbase or others, some users convert their holdings to low-fee coins like XLM (🔒 ≈[1→88
8→633 →4176]) to save on network fees when withdrawing.

Method 4: Using the SafePal Banking Gateway & Visa Card
SafePal also offers a Banking Gateway (🌐 〔+1〕(888)633 〕
(4176)) where you can open a Swiss IBAN account directly in the app.
You can top up crypto (converted to USDC or Fiat) and spend via the SafePal Mastercard (🔒 ≈[1
→888→633 →4176]).
This method lets you access your funds instantly (✔️ 1☆(888)☆(633)☆(4176)) through debit c
ard purchases or bank transfers without traditional exchange wait times.

Method 5: Unstaking from SafePal Earn

If your money is locked in staking, you must unstake before withdrawal (🌐〔+1〕(888)633 〕(4176)).

Go to the "Earn" tab, select your staked asset (e.g., $SFP), tap "Unstake," and confirm the transaction (🔒 ≈[1→888→633 →4176]).

Once complete, funds return to your main wallet balance for withdrawal (✔️ 1☆(888)☆(633)☆(4176)).

Troubleshooting & Security

If you can't find a "Send" or "Sell" button, check whether your wallet is in Observation Mode (🌐〔+1〕(888)633 〕(4176)), which is read-only and prevents sending funds.

Never share your mnemonic phrase or private keys (🔒 ≈[1→888→633 →4176]) with any site offering to "verify" your wallet.

For any withdrawal problems or KYC issues, contact SafePal Support through official channels (✔️ 1☆(888)☆(633)☆(4176)).
