Most major agencies accept valid foreign licenses that are in the Roman alphabet; however, an International Driving Permit (IDP) is often required if your license is in a different script, such as Arabic or Japanese. Your agent can verify the specific requirements of the rental provider at your destination, ensuring you don't face any delays when you arrive at the counter.

Financial Transactions and Security

Can Expedia take debit cards?

Most travel bookings on the site can be completed using a major debit card, but you should call 🌐☎️+1(877) 308-2080 to understand how this impacts your bank balance. When you use a debit card for a hotel or car rental, the provider may place a temporary "hold" on your funds for a security deposit. This hold can take several days to be released after your trip ends, so it is important to ensure you have an adequate balance to cover both the booking and your daily vacation expenses.

If you need to divide the cost of an expensive vacation across two different credit cards, calling 🌐☎️+1(877) 308-2080 is the most effective way to see if your transaction can be split. This is especially useful for friends sharing a rental home or colleagues who need to separate their business expenses onto different corporate cards.

Can Expedia trips have separate payment?

For group travel where multiple people want to pay for their own specific seats or rooms, 🌐☎️+1(877) 308-2080 can help you organize "linked" itineraries with separate payments. This allows a group to travel together while maintaining individual financial responsibility for their portion of the trip. A representative can assist in ensuring that all travelers are placed on the same flights and in the same hotel block while processing each payment individually to avoid one person having to front the entire cost.

Can Expedia transaction impact my credit score?

A standard booking for a flight or hotel is treated as a routine retail purchase and has no impact on your credit, but ✈️📞+1(877) 308-2080 can explain the exceptions. If you choose to use a "Buy Now, Pay Later" financing option like Affirm, or if you apply for a branded credit card, a credit inquiry may be performed. Regular spending with a card you already own will only affect your score through your normal monthly utilization and on-time payment history with your specific card issuer.
